

Care of your SAK rimfire/air rifle sound moderator

HEALTH & SAFETY WARNING:

**ACCUMULATED DEPOSITS IN AIR RIFLE AND RIMFIRE
SILENCERS CONTAIN HEAVY METALS AND OTHER TOXIC
SUBSTANCES**

**FOR THIS REASON, AND BECAUSE REGULAR CLEANING IS
NEITHER NECESSARY NOR BENEFICIAL, WE RECOMMEND THAT
USERS SHOULD NOT ATTEMPT TO DISASSEMBLE AIR RIFLE AND
RIMFIRE SOUND MODERATORS**

Fitting and maintenance instructions:

- ✦ Initial fitting and alignment of the sound moderator should be checked by a suitably-experienced gunsmith or armourer
- ✦ Lightly oil or grease the muzzle thread before fitting the sound moderator. Check that the sound moderator is not binding on the muzzle thread and that it seats securely and squarely up to the shoulder
- ⊕ Remove the silencer from the rifle after use, wipe clean and store securely

For air rifle/rimfire use.
If used with FAC rifle, this device
must be entered on FAC.
